

## Statement of CCB Standards Compliance

# Reduced Emissions from Degradation and Deforestation in Community Forests - Oddar Meanchey, Cambodia

### Verification Scope:

The SCS Greenhouse Gas Verification Program has conducted a verification audit of the “Reduced Emissions from Degradation and Deforestation in Community Forests - Oddar Meanchey, Cambodia” project, for which the project proponent is the Forestry Administration of the Royal Government of Cambodia, against the requirements of the Climate Community Biodiversity Alliance (CCBA) Project Design Standards, Version 2.0 (December 2008).

### Verification Opinion:

Based on the results of our verification activities, it is our opinion that the project meets the quality standard defined by CCBA from February 28, 2008 to February 28, 2012. The Reduced Emissions from Degradation and Deforestation in Community Forests - Oddar Meanchey, Cambodia conforms to the 14 Required CCB Criteria. The project also conforms to the optional Climate Change Adaptation, Community, and Biodiversity CCB Criteria, qualifying the project for Gold Level.
